

IronOrbit Sponsors ACEC California Board Meeting in Hawaii

Technology Company Furthers its Commitment to be at the Forefront of IT Solutions for the AEC Industry Through Active Involvement

Friday, September 23, 2022 - Anaheim Hills, CA - IronOrbit, an innovative Cloud Service Provider and ACEC Partner & Affiliate Member, announces its participation and sponsorship of the ACEC California Chapter Board of Directors meeting at the beautiful **Waikiki Beach Marriott Resort & Spa, October 4-5, 2022.**

The ACEC California Board of Directors meets quarterly, and the Hawaii meeting will be the chapter's final networking and learning event of the year. The schedule includes educational presentations on Coastal Resiliency and the **Economic Outlook for 2023**. Members of the local ACEC Hawaii chapter are also expected to attend. The two-day event will allow the chapter leaders to develop strategies for the coming year.

IronOrbit will share insights about the AEC industry's challenges and discuss the solutions to overcome them through digital transformation programs. IronOrbit's groundbreaking technology, such as its GPU-Accelerated INFINITY Workspaces, are designed specifically for the AEC industry to operate more efficiently and faster.

"IronOrbit has become a leader in providing GPU-accelerated cloud desktops to the AEC industry because we've invested heavily in perfecting the delivery of cloud-based GPU solutions," says Ayman Ayoub, VP of Marketing & Sales. *"We are committed to solving the industry's most significant IT hurdles and optimizing AEC workflows. That's why we keep our fingers on the pulse of what's happening with architects, engineers, and design professionals. As technology thought leaders in the AEC space, we're here to listen, learn, and educate member firms on how to get the most from cloud computing."*

ACEC California – the largest chapter of the ACEC, is a nonprofit association of consulting engineering and land surveying firms. The statewide organization dedicates itself to enhancing the consulting engineering and land surveying professions, protecting the public, and promoting the use of the private sector in the growth and development of the state.

IronOrbit continues to share the advantages of cloud computing by exhibiting at popular AEC events such as Autodesk University and the 2022 Annual ACEC Fall Conference. The company continuously integrates Nvidia's RTX & vGPU next-generation technologies to push GPU performance and computing power to new heights. Learn more at www.ironorbit.com.
