

IronOrbit Announces Sponsorship and Attendance at ACEC Massachusetts Gala

Wednesday, March 27th, 2024 - IronOrbit, a leader in GPU-accelerated cloud desktops, is thrilled to announce its sponsorship and participation in the upcoming ACEC (American Council of Engineering Companies) Massachusetts Gala on March 28th. This prestigious event, celebrated annually, honors the outstanding achievements and innovations of engineering companies and professionals across Massachusetts.

IronOrbit's sponsorship of the ACEC Massachusetts Gala is a testament to our commitment to supporting excellence and innovation in the engineering sector as a company at the forefront of delivering cutting-edge IT solutions to engineering firms nationwide. The Gala serves as a platform to recognize the incredible contributions of engineering professionals to our society and aligns with IronOrbit's mission to empower these professionals through advanced technology.

"Our participation and sponsorship reflect IronOrbit's dedication to fostering advancements in engineering through our tailored IT solutions," said Robert Mourra, VP of Key Accounts at IronOrbit. *"We look forward to celebrating the achievements of our peers and exploring new opportunities to contribute to the engineering industry's future."*

At the Gala, attendees will interact with IronOrbit's team and discover how their GPU-accelerated cloud desktops enable graphics-intensive applications and collaboration from any location and device. Additionally, they will gain insights into the enhanced security compliance measures being implemented to bolster AEC firms' security stance and help them meet DOD compliance requirements.

The ACEC Massachusetts Gala is renowned for celebrating engineering achievements through its awards program, which recognizes projects that demonstrate an exceptional degree of innovation, complexity, achievement, and value. IronOrbit's involvement in this event underscores our belief in the importance of technological innovation as a cornerstone for success in the engineering industry.

About IronOrbit

Recently highlighted in Gartner's Magic Quadrant™ for its Desktop as a Service (DaaS) offerings, IronOrbit excels in catering to the specific requirements of industries like engineering and architecture. Demonstrating its dedication to technological innovation and improving client engagement, IronOrbit proudly presents its new website. Designed to highlight the full range of its industry-leading solutions, visit us at www.ironorbit.com to discover more.
